

Aicci WL1-400P

TECHNICAL SPECIFICATIONS

Basic information

Model: Aicci WL1-400P

Application: wall lamp, bedside and reading light, wall-mounted desk lamp

Manufacturer: Aicci Oy, Muurame, Finland

Colour: white, RAL 9016

Materials: powder-coated steel, acrylic optics

Weight: 1.3kg

Classifications and certificates

Enclosing class: IP20

Protection class: II

Energy class: A++

Declaration of conformity

CE marking

Design from Finland and Finnish Key Flag certified

Electrical specifications

Input voltage: 220-240VAC

Frequency: 50/60HZ

Maximum power: 2.9W

Consumption/ 1000h: 3.2kWh

Lighting data

Control: no

Distribution: bidirectional 50 / 50

Colour temperature: 4000K

Intensity: 430lm

Colour rendering index (CRI): >90

Lifetime L70B50: >50 000h

Efficiency: 170lm/W

Installation

Mounting: with screws behind the luminaire or through the base plate

Electrical connection: plug-in cord with textile surface, Europlug CEE 7/16, length 2.3m
