

# Aicci WL1-600P

## TECHNICAL SPECIFICATIONS

### Basic information

Model: Aicci WL1-600P  
Application: wall lamp, bedside and reading light, wall-mounted desk lamp  
Manufacturer: Aicci Oy, Muurame, Finland  
Colour: white, RAL 9016  
Materials: powder-coated steel, acrylic optics  
Weight: 1.7kg

### Classifications and certificates

Enclosing class: IP20  
Protection class: II  
Energy class: A++

Declaration of conformity  
CE marking  
Design from Finland and Finnish Key Flag certified

### Electrical specifications

Input voltage: 220-240VAC  
Frequency: 50/60HZ  
Maximum power: 4.8W  
Consumption/ 1000h: 5.3kWh

### Lighting data

Control: no  
Distribution: bidirectional 50 / 50  
Colour temperature: 4000K  
Intensity: 720lm  
Colour rendering index (CRI): >90  
Lifetime L70B50: >50 000h  
Efficiency: 170lm/W

### Installation

Mounting: with screws behind the luminaire or through the base plate  
Electrical connection: plug-in cord with textile surface, Europlug CEE 7/16, length 2.3m
